Salt Lake City Temple, SDSU and Balboa Park

Although we grew up in Utah we've never done any tracting there... until now. Last month we spent several days at the Temple downtown Salt Lake City. By divine providence, without my even knowing it, the LDS bi-yearly conference was being held right across the street from the Temple.

Thousands of LDS people from all over the world were there. I spoke with one man from Africa who was there with an escort. Since he was a fairly recent convert I shared with him the radical doctrines of Mormonism which separate it from the historic Christian faith. He seemed very concerned.

Dianna spoke with an Australian couple at length about the serious problems in Mormonism. The wife was so angry she could barely restrain herself. All said and done we handed out hundreds of our tracts exposing Mormonism and of course our million dollar bill. Many conversations were had as well. What made this outreach very special was Pastor Marv Cowan, the man that married us as well as had a part in Dianna's salvation helped us both days in the tracting. He's 80.

This is Marv with the hat talking with this LDS man at Temple Square.

I'm standing in front of Utah Lighthouse Ministry bookstore just south of the LDS temple in Salt Lake. The Tanners were once practically the only ministry exposing Mormonism and their work is still considered essential in any ministry to the LDS.

I'm on the far left and Marv on the far right in front of one of the entrances to the LDS Temple. I spoke with many LDS about the character of God and the vast majority had no idea why their teachings contradicted the Bible.

PDF Heaven?

What in the world is a PDF. Simply stated it a type of computer file whereby we can send a document to anyone in the world where they see on their computer exactly what we see on ours. Text, photos and layout are all preserved with this format. We use this format to print our newsletters and all our tracts.

It has been a great deal of work but now our tracts and newsletters are now available on both our web sites in this PDF format. (www.challengemin.org and www.fishersofmen.us). This gives the entire world the ability to print our tracts and newsletters from a personal computer. They will look essentially the same as our custom full color tracts. You simply print from your computer and fold them.

Another project we have completed is both our web sites are now completely up to date with hundreds of our newsletters going back 8 years. All our tracts on Mormonism, Jehovah's Witnesses, Joel Osteen, the Dolly Lama and one on the Catholics are available for anyone to print or reprint as they see fit. Of course we do not charge for our books or tracts that we print as well. We send them out free without obligation to all that request.

Your kind donations make all this possible. Thank you.

This is a screen shot from our website of all our full color Mormon tracts available for viewing and printing from your computer. Just click and print.

What's Happening and What's Coming???

Mother Goose Parade... Last year we had planned to go to this event. Unfortunately, I was one week off on the date and we missed it, or rather I missed it. Got the date down for this year just a few weeks away. This is a televised parade in El Cajon.

December Nights Balboa Park... It's almost here. The largest event in San Diego for the year. Over 300,000 people on the first weekend of December. Lord willing we will be there again this year.

Parkway Plaza... We try and go to Parkway Plaza Mall every year near the first of December and then in the summer. We will try and get a permit again this year.

Thank you so much for your prayers and kind financial support,

Jerry and Dianna
